What are our “Play & Explore” sessions about?

- For young children and their parents to come together as a community, where everyone is welcome to learn and grow in their own unique ways.
- To learn about the world through stories and play (nature play, imaginative play, water play).
- Where families will have opportunities to make and create, using many different materials and mediums.
- For children to participate in a range of movement activities incorporating outdoor play, music and dance that supports sensory development in the early years.
- Sessions are linked to the Australian Curriculum and the National Early Years Learning Framework.
